PARK SMART

THERE IS A FREE PARKING SPOT FOR YOU IN DOWNTOWN LOS GATOS—

Los Gatos has several municipal parking lots all within short walking distance of many restaurants and retail establishments. Along with our municipal lots there is also 2 hr on-street and residential permit parking zones located throughout the downtown area.

Unlimited Day Time Parking: these areas consist of several parking lots dedicated entirely to all day parking. In the mixed muni lots the unlimited parking will either be located in a lower level or facing the east side of the lots closest to the walls.

Limited Day Time Parking: The remaining parking spaces and lots are 3 hr time limits and are monitored by our parking enforcement unit.

On-Street Limited parking: Most downtown streets have a 90 min or 2 hr time limit prior to 6pm and either no restrictions or residential permit parking in the evening

Residential Permit parking: Many of the surrounding streets in downtown have residential permit parking. Most permit parking begins after 6 pm however, some are 24/7.

Our advice to our visitors: Always look around for a parking sign so you know how many hours you can park. If you are in a 2-3 hr spot— try setting a timer on your watch or phone to alert you when your car needs to be moved.
