PRESENTING THE COMMUNITY ART EXPERIENCE

Los Gatos, CA – On Sunday, October 21, 1:00 pm, the Town of Los Gatos will unveil the *Community Art Experience* on the second floor of the new library. The *Art Experience* was created by more than 300 community members over a several month period. Art creation sessions were held at the July 4th event, the new library, and the Meadows and Terraces senior-living centers. Community members of all ages contributed to the art work, which is a collage of personalized vinyl hands, stars, hearts, and leaves.

The *Community Art Experience* is part of the celebration of the Town's 125th anniversary Jubilee Year, and was conceived and designed by local artists Jade Bradbury and Anne Lanborn. All of the community artists will be invited to the event, and the public is welcome, as well. The *Community Art Experience* will be available for viewing on an ongoing basis in the new library.
